

Sinclair  
Broadcasting's  
decision to have  
their stations air  
an anti-Kerry  
documentary days  
before the election  
is quite disturbing.

I am beginning to  
feel real  
apprehension about  
our government and  
how it is  
controlling or being  
controlled by the  
ideology of those in  
power. I think our  
Democracy is at  
risk.

Please explain why  
this is happening  
and why FCC is not  
doing anything about  
it. Thank you.
